IDEAS for use in school

A *Sam button singer can sing the 2nd and 4th lines of each verse.

The 4th line could be repeated by all singers.

An instrumental accompaniment could be recorded onto the Sam button.

This could be an introduction and a whole verse, or just a bit of instrumental to play between unaccompanied verses.

You can use this song as a basis for creating your own lyrics and focusing on particular signs, symbols or other multisensory props.

*Sam (song/speech/sound and music) button – this is what I call the voice output communication devices like Step by Step, BigMac, 4Talk4 etc.
