Ideas for use in school

The words are easy to sign - you'll certainly learn the word 'sorry'!

This can be sung as a round in 2 or more parts.

A *Sam button singer can lead the first group of singers in the round. Or s/he could sing one of the parts several times through. You will need to record a 'ramp' e.g. counting in, so that everyone knows when to start singing.

There are only 2 chords. You could record the instrument onto the Sam button.

*Sam (song/speech/sound and music) button - this is what I call the voice output communication devices like Step by Step, BigMac, 4Talk4 etc.
